

Mobile Apps

Applications for Toshiba network video recorders

Watch, search and review video on mobile devices

For on-the-go monitoring, download the free Toshiba Surveillix™ or iGuard™ Mobile Viewer app (ESV Series) for your iPhone, iPad, or Android device to deliver real-time video feeds to your mobile device. Login, select your recorder and view live video! The apps allow you to view one camera at a time or four cameras simultaneously if you need to keep a clear overview of a larger area. Plus, you can fully control your pan/tilt/zoom cameras.

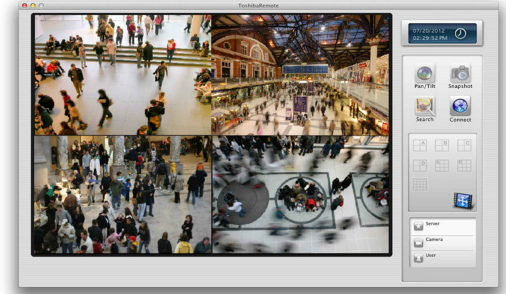

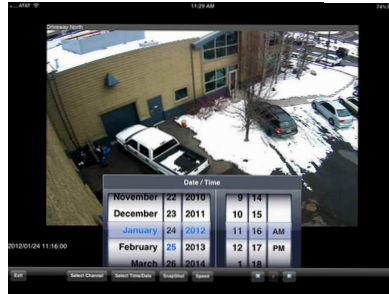

- For iPhone/iPad/iPod/Android devices
- Toshiba Surveillix mobile app is for use with all DVSE, XVSE, XVSV, IPSE, NVSPRO and EAV recorders
- iGuard NVR Mobile Viewer (Android) and NVR Viewer (iPhone/iPad/iPod Touch) is only for the ESV Series
- Seamlessly view live video for real-time monitoring of up to four cameras
- Listen to audio transmitted or recorded from an IP camera
- Time/date search recorded video
